Work Experience

Ohio News Network (Cable)

Columbus, OH

Meteorologist/Environmental Reporter

9/08-present

- Anchor weekend evening weather
- Report, shoot, edit environmental stories for “Green Ohio” franchise
- Develop new media opportunities to increase station’s presence through blogging, facebook, twitter

KLFY-TV (CBS Affiliate)

Lafayette, LA

Meteorologist (AMS/CBM Seal #273)

9/07-8/08

- Forecast and anchor weekend morning, evening newscasts, and severe weather coverage
- Anchor in team and solo settings for severe weather coverage (solo weather anchor on train derailment/chemical cloud event 13 hours breaking news coverage)
- Spearheaded community based weather programs, including the Live Doppler 10 StormReady Project. This was a collaboration between KLFY, National Weather Service, and community members to increase public’s knowledge of severe weather. With it, we hosted the largest stormspotter training session in the region’s history. We also doubled the amount of StormReady parishes in Louisiana.
- Helped develop a program called Weather in Louisiana’s classroom. It was a workbook created to meet 4th grade curriculum standards in Louisiana and offer teachers a consolidated resource to teach meteorology.

WCTV-TV (CBS Affiliate)

Tallahassee, FL

On Air Internet Reporter

8/06-5/07

- Perform daily newsroom live shot for 11pm newscast and hourly updates for wctv6.com
- Led newsroom convergence efforts and cross promotion of alternative news platforms
